

ce.mnu.controller.BoardController.get  
AttachList

ce.mnu.controller.BoardController.remove

ce.mnu.service.BoardService.get  
AttachList

```
graph LR; A["ce.mnu.controller.BoardController.get AttachList"] --> C["ce.mnu.service.BoardService.get AttachList"]; B["ce.mnu.controller.BoardController.remove"] --> C;
```

The diagram illustrates a dependency or call relationship. Two boxes on the left represent methods from the `ce.mnu.controller.BoardController` class: `getAttachList` and `remove`. Two blue arrows originate from these boxes and point to a single box on the right, which represents the `getAttachList` method from the `ce.mnu.service.BoardService` class. The service box is shaded gray, while the controller boxes are white.
